

## Third European Workshop on Membrane Reactors: Membrane Reactors for Process Intensification - MR4PI2017

Villafranca di Verona, Italy, March 9-10, 2017

We are pleased to invite you to the 3rd European Workshop on Membrane Reactors (MR4PI2017). The focus is on membrane reactors for process intensifications. During these two days, there will be presentations on fundamental membrane-related science, process design and applications, industrial applications. There will also be a poster session and a company visit.

This conference continues the previous workshops on membrane reactors. The first workshop was organised back in November 2012 (Italy) and was entitled "Pd-based membranes and reactor scale-up". The second workshop, "Catalytic Membrane Reactors: what's next" was held in April 2015 in the Netherlands. More information on these two events is available from the [CARENA](#) website.

This third one is jointly organised by [BIONICO](#), [FERRET](#), [FluidCELL](#), [MEMERE](#) and [ROMEO](#), 5 major European projects on membrane reactors.

More information will be provided on our website so watch that space and save the date for what promises to be a very fruitful workshop!

### Organizing Committee:

Marco Binotti	(POLIMI, Italy)
Fausto Gallucci	(TU/e, Netherlands)
Elsa Kassardjian	(EMH, France)
Marc Kristen	(Evonik Industries AG Germany)
Giampaolo Manzolini	(POLIMI, Italy)
Gioele Di Marcoberardino	(POLIMI, Italy)
Gilbert Rios	(EMH, France)
Carlo Tregambe	(ICI, Italy)
José Luis Viviente	(TECNALIA, Spain)

## Program:

Presentations given by both Academia and Industry on the following themes:

1. Fundamentals of membrane reactors
2. Process design and applications
3. Industrial applications of Membrane Reactors

Each participant is also invited to present a poster at the workshop. Selected posters and oral presentations will be invited to submit a paper for a dedicated special issue of the journal Chemical Engineering and Processing: Process Intensification.

## Important dates:

Deadline for special room rate: 30 January 2017

Deadline for early registration: 15 February 2017

Attendants should register on the following website: [www.fluidcell.eu](http://www.fluidcell.eu)

Participation to the workshop is free of charge.

## Venue:

The Conference will take place at the conference room of **Hotel Expo Verona** (Via Portogallo 1/P 37069 Villafranca di Verona, Italy).

The hotel is located around 6 km from the Verona Airport and around 14 km from Verona. Taxi is recommended when landing at Verona airport. Hourly trains can be taken from Stabione FS Porta Nuova – B1 at Verona (get off at Museo Nicolis and walk around 4 minutes along “Viale Postumia” towards the Hotel - Via Portogallo is on the right when coming from the Museo Nicolis stop).

## Accommodation:

Special rate of €64.00 per room and night, including a breakfast buffet, has been booked for participants at the Hotel Expo Verona.

This rate is valid for bookings made before 30 January 2017. Beyond this period the availability of rooms and rates could be different. You could book rooms directly via email at [info@hotelexpoverona.it](mailto:info@hotelexpoverona.it). When contacting them please state “Workshop ICI” for having the special rate. Other hotels and guest houses of different categories in Villafranca di Verona or Verona can be easily found and booked online.

## Social Program:

Much attention will be paid to promote exchange contacts and discussions between the participants. To this aim, a get-together meeting and a conference dinner will be offered during the conference on March the 9th.

Looking forward to meet you in Verona.
